

Durham CiCC

Education Fun Fund Guidelines 2023

Applications for the Education Fun Fund are now open.

You must complete the application sheet to apply for pupil premium and have it submitted to:

robert.johnson@investinginchildren.net by the 31st December 2023

A panel of young people from the CiCC will consider each application carefully and make the decisions as to who is successful.

We will let you know if you have been successful for the pupil premium within four weeks of your application

You must use the money we have given you by early July. We require that by October you submit a follow up, letting us know what you have spent your money on and how this has benefitted you. You can do this however you want to: write a report, or use photos, a video or artwork. You will be contacted closer to the time as a small reminder for this information. We will provide you with an evaluation sheet to complete and send back to us and will include further instruction closer to the time.

You can only apply once for pupil premium project if you are successful.
